Our Commitment

Like the old time doctors, I make house calls. I visit your home with a laptop computer and printer so the disclosures can be printed for you explaining our different loan programs.

This no-obligation presentation usually takes less than an hour.

Because of our volume, most of our loans are obtained with no points.

I offer many different programs in response to the challenges of today's California real estate market.

Let me show you what we have to offer; you will not be disappointed.
